

E-W Alt

- EW6 - will development to west be able to connect to this improvement?
- EW2 - Don't like ~~the~~ env. impacts of EW2
- EW1 - likes that it doesn't dead end
- EW6 - will feed development at 55 + 80 & will connect to DDI
- EW6 - Likes because it is further from homes
- like alts. that use existing roads
- Happy env. concerns are considered

E-W Alt.

- What is speed going to be?
- How much relief will improvements provide?
- Likes Alt EW6 } not impacting college & neighborhood as much
- EW improvements would benefit undeveloped property not travelers
- What will the connections be?

EW Alt.

Concern about improvement
impacts on collector streets
& Freight trucks

Happy alts. eliminated
that would impact natural
resources

EW2, EW3
EW4
